SUMMARY

Senior Mobile & Web Engineer with 5+ years of experience building web and mobile products with React, React Native and Next.js, and 2 years of Shopify development. Shipped 3 apps to the App Store and Google Play, including SSO and authentication flows, and Next.js applications in production. Former tech lead at Telefónica Hispam on a business-facing telecom app. English C1.

SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, SQL
Mobile: React Native, Expo, App Store and Google Play releases, SSO / authentication
Web: React, Next.js, Angular, Material UI, styled-components
Shopify: Liquid, Online Store 2.0 themes, Hydrogen, Checkout UI Extensions
Backend & Cloud: Node.js, REST APIs, PostgreSQL, Prisma, JWT, cloud deployment; NestJS (in progress)
Testing & Tools: Jest, React Testing Library, Git, Storybook, Figma
Spoken: Spanish (native), English (C1)

EXPERIENCE

Mobile Developer (Consulting) — BC Tecnología — Remote | Aug 2026 – Present

- React Native mobile development for an enterprise client.

Web & Mobile Specialist Engineer — Telefónica Hispam — Remote | Oct 2022 – Jun 2026

- Tech lead of the team developing and maintaining the Mi Movistar Empresas business app in Chile.
- Designed and built KeyPass/Movistar Pass, an identity validation module for digital transactions rolled out in several Latin American countries.
- Took part in the strategy and development of migrating the mass-market Mi Movistar app from NativeScript to React Native.
- Core team member that created Movistar's regional design system.
- Wrote unit and component tests with Jest and React Testing Library; implemented analytics events.
- Worked with design and business teams on new digital channel integrations.

Founder & Technical Lead — Reflex Chile (own startup) — May 2022 – Present

- Founded as a thesis project; winner of the PUCV The Lift "Emprende tu Tesis" fund.
- Sole technical lead of the MVP: React Native app and Next.js web, with a PostgreSQL/Prisma backend and JWT authentication.
- Owned UX/UI, development and user testing for an app centralizing events and places, with social features.

Software Engineer — WiTi Chile — Remote | Aug 2021 – Oct 2022

- Built web applications with React.js, styled-components and Material UI.
- Worked in Scrum and Kanban teams.

Maintenance Management Intern — Codelco — Santiago | Dec 2021 – Mar 2022

- SAP PM key user; built KPI dashboards and VB.NET Excel macros.

PROJECTS

Shopify demo stores: Three Online Store 2.0 themes built from scratch (apparel, skincare, coffee) with custom Liquid sections, cart drawer and Spanish/CLP localization.

GymFlow: Gym management platform: web admin (React, TypeScript, Vite) and member app (Expo, React Native). github.com/CarlosCubillos94

AWARDS

2nd Place — NTT Data "Hack The Challenge" Hackathon — Oct 2022
React Native real-time messaging app integrated with Arduino and Rokid X-Craft for mining.

EDUCATION

Computer Science Engineering (Ingeniería de Ejecución en Informática) — Pontificia Universidad Católica de Valparaíso — 2018 – 2022
