SUMMARY

Senior Mobile & Web Engineer with 5+ years of experience building web and mobile products with React and React Native. Tech lead experience on a business-facing telecom app, and part of the team that migrated a high-traffic telecom app to React Native. Designed and built a security/identity validation module for digital transactions. English C1.

SKILLS

Programming Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks & Libraries: React, React Native, Expo, Next.js, Node.js, Angular, Material UI, styled-components, Bootstrap

Testing: Jest, React Testing Library

Tools: Firebase, Git, Storybook, Figma, Cursor

Methods: Scrum, Kanban, Design Thinking, Lean UX

Languages: Spanish (native), English (C1)

EXPERIENCE

Mobile Developer (Consulting) — BC Tecnología — Remote | Aug 2026 – Present

- React Native mobile development for an enterprise client.

Web & Mobile Specialist Engineer — Telefónica Hispam — Remote | Oct 2022 – Jun 2026

- Tech lead of the team developing and maintaining the Mi Movistar Empresas business app in Chile.
- Designed and built KeyPass/Movistar Pass, an identity validation module for digital transactions rolled out in several Latin American countries.
- Core team member that created Movistar's regional design system.
- Took part in the strategy and development of migrating the mass-market Mi Movistar app from NativeScript to React Native to improve performance and scalability.
- Implemented analytics metrics and log events with Firebase.
- Worked with design and business teams on new digital channel integrations.

Founder — Reflex Chile (own startup) — May 2022 – Present

- Founded as a thesis project; winner of the PUCV The Lift "Emprende tu Tesis" fund.
- Designed and built a React Native + Firebase app centralizing events and places, with social and gamification features.
- Owned UX/UI, development and user testing.

Software Engineer — WiTi Chile — Remote | Aug 2021 – Oct 2022

- Built web applications with React.js, styled-components and Material UI.
- Contributed to an internal gamified upskilling project.
- Worked in Scrum and Kanban teams.

Maintenance Management Intern — Codelco — Santiago | Dec 2021 – Mar 2022

- SAP PM key user.
- Built KPI dashboards and VB.NET Excel macros.

PROJECTS

GymFlow — Personal gym management platform

- Web admin (React, TypeScript, Vite): github.com/CarlosCubillos94/gymflow-web
- Member app (Expo, React Native, Expo Router): github.com/CarlosCubillos94/gymflow-mobile

AWARDS

2nd Place — NTT Data "Hack The Challenge" Hackathon Oct 2022

- React Native real-time messaging app integrated with Arduino and Rokid X-Craft for mining.

EDUCATION

Computer Science Engineering (Ingeniería de Ejecución en Informática) Mar 2018 – Dec 2022
Pontificia Universidad Católica de Valparaíso
